WYTAMIN

WYTAMIN Ltd is a UK registered company and *approved by the Food Standards Agency. ** Statements about these products have not been evaluated by the Food Standard Agency, UK and are not intended to diagnose, treat, cure, or prevent any disease.

Vision Statement

To revolutionize health and wellness by providing accessible, vibrant, sustainable, effective, scientifically advanced and eco-conscious nutrition solutions that empower people to inspire and lead a healthier life.

At WYTAMIN, our vision is to **set new benchmarks in the global nutrition supplement industry** by leading with innovation, science, and integrity. We aspire to be recognized not just as a brand, but as a pioneer in health and wellness, empowering individuals to take control of their well-being through **accessible, research-driven, and high-quality supplements.**

Mission Statement

To create and deliver high-quality premium nutrition supplements that support holistic well-being, foster sustainability, and make health fun, approachable, and achievable for everyone while caring for the planet.

At WYTAMIN, our mission is to **empower individuals with the tools, knowledge, and premium-quality nutritional supplements they need to optimize their health, fitness, and overall well-being.** We believe that **true wellness is built on a foundation of superior nutrition, backed by science,** and we are dedicated to **delivering products that genuinely enhance life—inside and out.**

****Supplementary foods can not replace normal nutrition intake.
These products are not medicines and are not used for the
prevention or treatment of any diseases****

Objectives

At **WYTAMIN Supplements**, our objectives are structured to drive both immediate market impact and sustainable long-term growth. We have set ambitious yet achievable goals for our short-term and mid-term strategies that will solidify our position in the competitive nutrition supplement industry.

Core Values

- 
- A photograph of a man and a young girl smiling together in a field of green grass and yellow flowers. The man is on the right, leaning his head towards the girl on the left. They are both looking towards the camera with warm, happy expressions.
- W Quality First:** Commitment to scientifically validated ingredients and transparent manufacturing practices.
 - W Sustainability:** Eco-friendly packaging and operations to reduce environmental impact.
 - W Accessibility:** Ensuring affordability and inclusivity for all demographics.
 - W Innovation:** Forward-thinking product development and Continuous development of cutting-edge formulations.
 - W Community:** Fostering an educational health ecosystem by building strong relationships with customers and creating a supportive wellness community.
 - W** At **WYTAMIN**, our primary target market consists of **health-conscious individuals** who are dedicated to enhancing their overall well-being regardless of their age or gender. This demographic includes **fitness enthusiasts** who are continuously seeking ways to improve performance and recovery, **busy professionals** who require convenient and effective nutritional solutions to sustain their demanding lifestyles, and **wellness-oriented families** that prioritize preventive health measures and balanced nutrition in their daily routines.

COLLAGEN

What is Wytamin All Body Collagen 300 Gr?

Wytamin All Body Collagen is an effective collagen supplement enriched with various components and vitamins – minerals. Each serving provides 9366.6 mg of hydrolysed type 1, 2 & 3 collagen peptides, produced using beef-sourced collagen. The product also contains glutathione and hyaluronic acid, which have similar effects to collagen, and is supported with vitamins C, D, K, and zinc. Additionally, Wytamin All Body Collagen contains L-arginine, L-carnitine, and taurine, and thanks to its sugar- and gluten-free formula, it can be safely consumed by everyone.

Key Features of Wytamin All Body Collagen 300 Gr:

- 9366.6 mg of collagen per serving
- Beef-sourced type 1, 2, and 3 collagen peptides
- Supported with glutathione and hyaluronic acid
- Contains L-carnitine, L-arginine, and taurine
- Added vitamins C, D3, and K2
- Collagen peptide molecular weight of 2000 Daltons
- Sugar and gluten-free

Health Claim:

Vitamin C plays a role in the normal formation of collagen, which is necessary for the normal function of the skin. Zinc, iodine, biotin, niacin, and vitamin A support the maintenance of normal skin. Zinc and selenium help maintain normal nails. Zinc, biotin, and selenium contribute to the maintenance of normal hair. Folate and vitamin D are involved in cell division. Vitamin E helps protect cells from oxidative stress.

Product Information:

A chewable gummy supplement containing hydrolysed keratin, biotin, folic acid, and also 9 vitamins and 3 minerals.

Does not contain glucose syrup, gelatine, artificial sweeteners, preservatives, or artificial colorants.

Developed and produced in Turkey's first facility established for research and production of chewable gummy supplements.

MAGNESIUM MULTIMAG

What is Wytamin MultiMag?

Wytamin MultiMag is a dietary supplement formulated by combining **magnesium bisglycinate**, **magnesium citrate**, and **magnesium malate** forms. It contains patented **Magnesia®** raw material, offering high absorption and bioavailability. Among these, magnesium bisglycinate and **magnesium citrate** are known for their superior absorption rates compared to other magnesium forms. Magnesium is an essential mineral found abundantly in organs where active metabolic functions occur, such as the **heart, kidneys, bones, and liver.**

NUTRITIONAL INFORMATION

Supplement Facts Per tablet		
NAME	AMOUNT	*NRV

**618.69 mg Elemental magnesium from Magnesium Citrate: 100 mg
354.7 mg Elemental magnesium from Magnesium Bisglycinate: 50 mg
321.7 mg Elemental magnesium from Magnesium Malate: 50 mg

Main Functions of the Active Ingredients in Wytamin MultiMag

Magnesium:

- Contributes to normal muscle function
- Helps maintain normal bones and teeth
- Supports normal protein synthesis
- Aids in reducing tiredness and fatigue
- Plays a role in energy-yielding metabolism

Key Features of Wytamin MultiMag

- 200 mg of magnesium per serving
- Combination of **3 different magnesium forms** for comprehensive support
- High absorption **magnesium bisglycinate** and **magnesium citrate**
- Made with patented **Magnesia®** raw material
- **Gluten-Free**

B12 SPRAY

What is Wytamin Methyl B12 1000 Mcg 10 mL Spray?

Wytamin Methyl B12 is a dietary supplement offering 1000 mcg of Methylcobalamin-form B12 in each spray.

Methylcobalamin is the active coenzyme form of vitamin B12 that is readily absorbed by the body without the need for conversion. With its spray and dropper apparatus, it provides practical use. Made from patented Mecobal Active raw material, Wytamin Methyl B12 has high absorption efficiency.

Main Functions of the Active Ingredients in Wytamin Methyl B12:

Active Form of Vitamin B12 – Methyl B12 is the bioactive, coenzyme form of vitamin B12, readily utilized by the body without conversion.

Supports Nervous System Health – Essential for maintaining healthy nerve cells and proper neurological function.

Energy Production – Plays a role in converting food into cellular energy, helping reduce fatigue and tiredness.

Cognitive Support – May aid memory, focus, and overall brain health by supporting neurotransmitter function.

Red Blood Cell Formation – Helps in the production of healthy red blood cells, reducing the risk of anaemia.

Homocysteine Regulation – Assists in lowering homocysteine levels, supporting cardiovascular health.

Better Absorption – Methylcobalamin is often considered more bioavailable compared to synthetic forms (like cyanocobalamin).

Supplement Facts / Serving Size 1 puff /

D3K2

Wytamin D3 K2 Vitamin Drops 20 ml:

What is Wytamin D3 K2 Drops?

Wytamin D3 K2 Drops is a dietary supplement that contains a high amount of vitamin D and vitamin K2. Vitamin D, a fat-soluble vitamin, can be produced in the body, but it can also be obtained naturally through sunlight or from foods. Both vitamin D and K contribute to the **maintenance of normal bones**. Additionally, vitamin D supports the absorption of **calcium** and **phosphorus**.

NUTRITIONAL INFORMATION

Supplement Facts		
Serving Size 1 drop		
NAME	AMOUNT	*NRV
Vitamin D3	25 µg (1000 IU)	%500
Vitamin K2	11,25 µg	%15

*NRV: Nutrient Reference Value.

Main Functions of Vitamin D3:

- Helps maintain **normal bones, teeth**, and muscle function.
- Contributes to the maintenance of **normal blood** calcium levels.
- Supports the normal function of the **immune** system.
- Reduces the risk of postural instability related to muscle weakness in individuals over 60 years old. Poor posture is a risk factor for bone fractures in men and women aged 60 and above. The beneficial effect is achieved when **20 µg** of **vitamin D** is taken daily from all sources.

Main Functions of Vitamin K2:

- Contributes to the **maintenance of normal bones**.
- Supports **normal blood clotting**.

Key Features of Wytamin D3 K2 Drops:

- Contains **25 mcg of D3** and **11 mcg of K2** per serving.
- Convenient and practical usage with the **dropper form**.
- Contains **olive oil** as an additional ingredient in its formula.
- Our products are **original**.

Wytamin Biotin

5000 µg Tablets

High-Potency Vitamin Supplement for Beauty & Metabolism

Product Description:

Wytamin Biotin, also known as Vitamin B7, is an essential nutrient that plays a vital role in supporting overall health and wellbeing. Each high-strength tablet delivers 5000 µg of Biotin, designed to help meet the body's daily requirements with ease and efficiency.

Key Functions of Biotin:

- Promotes Healthy Hair, Skin & Nails – Supports keratin production for stronger, healthier growth.
- Supports Energy Metabolism – Contributes to the conversion of carbohydrates, fats, and proteins into usable energy.
- Maintains Nervous System Function – Plays a role in the proper functioning of the nervous system.
- Supports Psychological Function – Helps maintain normal cognitive and mental performance.

Key Features:

- Premium 5000 µg Biotin in each tablet
- Backed by scientifically recognized health benefits
- Convenient once-daily format suitable for long-term use
- Ideal for beauty, wellness, and energy support ranges
